My Own Projects

Rostov-na-Donu, portfolio-jtatwci4o-lostofan.vercel.app/

Industrial Equipment, Machine Tools and Components

- Construction Machines, Equipment, Elevators, Loading, Warehouse Equipment (Promotion, Wholesale)
- Food Industry and Agriculture Equipment, Packaging Equipment (Manufacturing)
- Construction Machines, Equipment, Elevators, Loading, Warehouse Equipment (Manufacturing)

Frontend-developer

I was developing my pet projects. Improved the layout, studied React and TypeScript more deeply. Worked with Redux (I prefer Toolkit), Next.JS, SCSS. I am currently working on a Fullstack application.

My works:

1) My portfolio. Multilingual.

React, Next.js, Typescript

text <https://portfolio-ffjwln19l-lostofan.vercel.app>

2) A game of the "Cookie clicker" type, in a horror genre.

TypeScript, React, Redux

3) The "Make your Burger" application, where you can make a burger at will from a set of ingredients.

TypeScript, React, Redux

Further information

About me I am a young and ambitious Frontend developer with a great desire and desire to develop in the field of web development. I have deep knowledge of HTML, CSS and JavaScript, as well as experience working with the React framework.

I am sure that my creative approach to problem solving, a combination of logical thinking and aesthetic perception will allow me to successfully implement functional and pleasant to the eyes of web application users.

I am ready to accept any technical or creative challenges, as well as to show my abilities in a team with other developers. I believe that with a team of professionals I will be able to achieve high results and provide a high-quality user experience through the development of attractive and intuitive interfaces.
